

Quality Assurance / Quality Control

The technical and scientifical information has been reviewed and approved by Mr. Gaétan Lavallière, P. Geo, Ph. D. and Vice-President for Cartier Resources. Mr. Lavallière is a qualified person as defined by National Instrument 43-101.

All the drill holes results for Zones 3, 3W & 3E are estimated at true thickness. All the current and previously announced results are measured along the core axis.
