Cartier Gains from Market Rise

Val-d'Or, June 23, 2016 – Cartier Resources Inc. (TSX-V: ECR) (“Cartier”) is pleased to announce that the progressive rise in the mining industry markets has generated opportunities to complete joint venture agreements that will develop the potential of its key projects.

The [five \(5\) key projects](#), on which certain have historical resource estimates, are all drill-ready with targets bearing the same signature as that of the deposits that have been outlined on each project.

The company has over \$1.5M in cash of which half will be invested in exploration field work over the next months.

« Many companies have expressed an interest in these key projects and several negotiations are in progress » commented Philippe Cloutier, President and CEO, adding « We are confident that we will conclude win-win deals in the next months ».
